INTRODUCTION

The focus of Goga is to unleash the virtual world out in the open and for people to connect, learn and unlearn the different concepts that revolve around METAVERSE. In today's fast paced world, man-made innovations go hand in hand with artificial intelligence. Fast forward to a metaverse that helps you stay connected with the audience from across borders. Where one can not only take part in events but also host them. A platform that helps build a classroom like ambience and goes a step beyond. One can conduct seminars, conferences, lectures and much more. What's more? GOGA also encourages its audience to play games and earn rewards. A token that brings about a potential collaboration between the education and entertainment industry. This whitepaper will delve into the technology that supports our idea; it will help identify significant benefits across various industries.

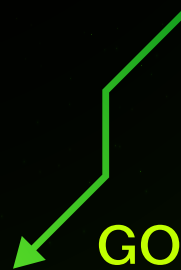

GOGATOKEN.COM

MISSION

At Goga, our mission is to revolutionize education and gaming through the creation of an immersive metaverse that transcends traditional learning and gameplay boundaries. We are committed to providing a dynamic and interactive platform where students and educators can engage in innovative, personalized, and collaborative learning experiences. When it comes to gaming, our mission is to craft captivating and innovative gaming experiences that transport players to new realms of excitement and entertainment. We are dedicated to pushing the boundaries of creativity, storytelling, and technology to deliver immersive games that resonate with diverse audiences. By harnessing the power of technology, we aim to empower people, fostering a love for knowledge and skills that extend far beyond the virtual classroom. At the heart of our mission is the relentless pursuit of fun, engaging, and memorable gameplay that brings joy and inspiration to players worldwide.

GOGATOKEN.COM

VISION

In envisioning the future at Goga, we see a seamlessly integrated metaverse that unites education and gaming, transcending conventional boundaries. Our vision is to create a dynamic digital universe where learning and play harmoniously coexist, fostering a transformative space for exploration, collaboration, and personal growth. We aspire to be pioneers in crafting a metaverse that not only redefines the way individuals acquire knowledge but also seamlessly integrates educational content into captivating gaming experiences. By seamlessly blending education and gaming within the metaverse, we aim to inspire a generation that thrives on the synergy of learning and play, unlocking boundless possibilities for creativity, skill development, and community engagement.

THE GOGA METAVERSE

The GOGA metaverse consists of various entities. It is a thrilling metaverse that enables a teacher student model to co-exist in virtual reality. Tutors can host classrooms in the metaverse and conduct seminars, host lectures and do much more. Additionally, classrooms can be purchased or rented to others and one can earn a passive income from these without much hassle.

The GOGA metaverse extends beyond human capabilities. Massive event halls exist in our metaverse, and one can organize parties or other events in the MetaEvents area. Apart from this, the Gaming metaverse is another exceptional feature of the Goga Universe. It brings to you a plethora of games, both single and multiplayer, which will yield you exciting rewards and coins.

META CLASSROOMS

In the educational frontier, the Meta classrooms have pioneered an extensive network of approximately 600 training centers and expansive virtual classrooms. This groundbreaking initiative transcends the confines of traditional education, offering students an immersive and interconnected digital realm. Each of the 600 training centers serves as a portal to dynamic, visually stunning classrooms tailored to diverse subjects. In this virtual landscape, educators guide students through interactive lessons and simulations, fostering global collaboration and creativity.

Beyond the technological marvel, this Metaverse is a testament to the power of community and shared learning experiences. The 600 training centers not only serve as gateways to education but also as passive income generator for people to buy these classrooms and rent them out to others or by even reselling them at higher values.

GOGA

GOD OF GAMES

META GAMES

Enter the exciting world of games, an adventure where you explore a frozen wilderness and face tough weather to stay alive. With icy winds and lots of snow, sometimes the sun burning right through your skin or even floods and tsunamis, you'll need to be smart about finding shelter, hunting for food, and staying warm. With a day-night cycle and realistic survival challenges, players must adapt to the unforgiving environment. Join hands with multiple players or if you're witty enough, battle solo and earn rewards, upgrade your character and earn the Goga respect that everyone's craving for. This gaming metaverse turns regular gaming into a thrilling adventure where every choice matters, combining the excitement of hunting with the strategy of staying alive in a beautiful but tricky virtual world.

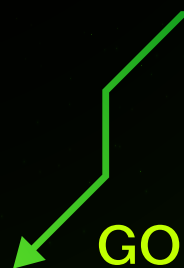

GOGATOKEN.COM

META EVENTS

The world of MetaEvents is versatile. Meta Events is a dynamic metaverse designed for seamless event hosting and social interaction. Users can create and personalize virtual event spaces, from party halls to conference rooms, and effortlessly organize, promote, and manage events. Anyone using our metaverse can own a part of our meta event spaces using our native GOGA token. Anyone in GOGA metaverse can buy these spaces and have the option to earn passive income by renting and reselling their event areas, facilitated by secure transaction systems in our metaverse.

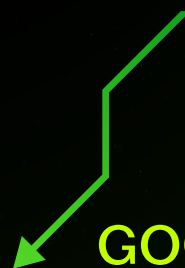

GOGATOKEN.COM

THE GOGA TOKEN

The Goga token is a digital currency available for purchase, serving as a means for users to engage in transactions within the metaverse. This versatile token empowers players to acquire various assets such as land and classrooms, providing a virtual currency that facilitates the expansion and customization of their metaverse experience. Whether it's claiming territory in the virtual landscape or establishing virtual learning spaces, the Goga token opens doors for users to invest and personalize their presence within the metaverse. In essence, it acts as the key to unlocking a range of virtual assets, enhancing the overall engagement and possibilities within the digital realm.

GOGATOKEN.COM

TOKENOMICS

Total Supply	100B
DEVELOPMENT	15%
MARKETING	15%
LIQUIDITY	10%
In-Game Rewards	10%
Public Presale	30%
ICO + SEED FUNDS	20%

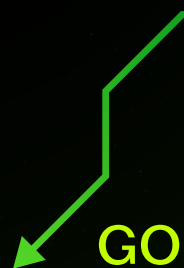

GOGATOKEN.COM

PRESALE

The presale phase of GOGA plays a pivotal role in laying the groundwork for a strong community base. In this critical stage, 50% of the total tokens, equivalent to 500,000,000 GOGA, are offered to the public, ensuring an equitable distribution. The presale price is established at \$0.0001 per token, presenting an attractive entry opportunity for early supporters before the tokens are released to the wider public. This strategy aims to foster a diverse and engaged community, allowing enthusiasts to become early participants in the GOGA ecosystem at a favorable initial price point.

GOGA

GOD OF GAMES

PRESALE STAGES

STAGE 1	DIAMOND	\$ 0.0001
STAGE 2	PLATINUM	\$ 0.00012
STAGE 3	GOLD	\$ 0.00014
STAGE 4	SILVER	\$ 0.00016
STAGE 5	BRONZE	\$ 0.00018

Post the presale, and at the time of launch the token price is set to be \$ 0.00020

GOGATOKEN.COM

STAKING

In the presale phase, GOGA token holders have the opportunity to stake their acquired tokens and earn up to a 20% Annual Percentage Yield (APY) in USDT. By staking during this period, participants can claim their earnings every week until the presale concludes, and the token is officially launched. This staking mechanism not only encourages early supporters to actively engage with the GOGA community but also provides them with a potential avenue for regular returns in USDT throughout the presale duration.
